# CONNECT THESE 3 FOR EXCELLENCE

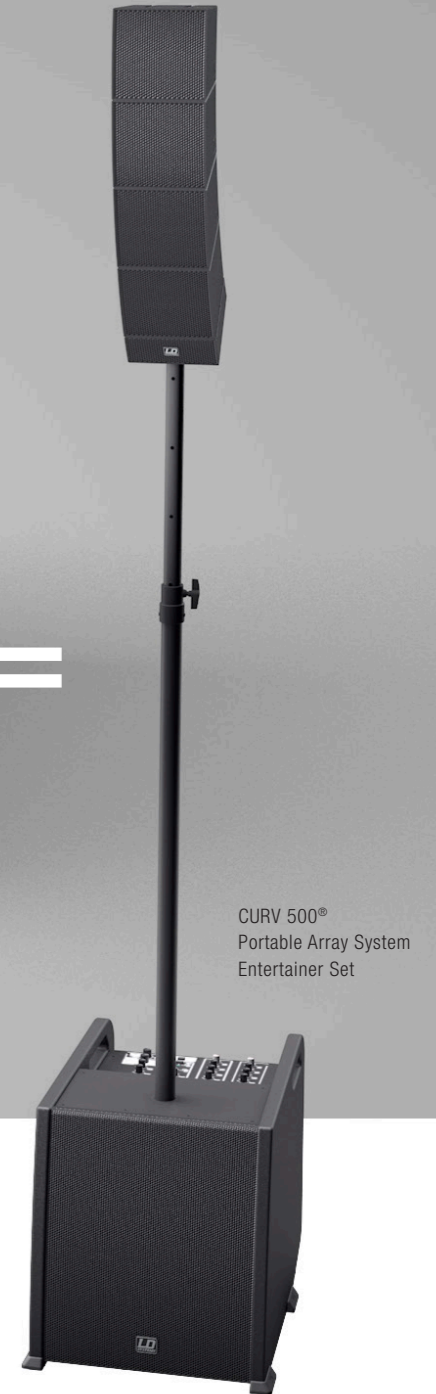

Up to 4 CURV 500® Array Satellites

CURV 500® SmartLink® Adapter

CURV 500® Subwoofer with control panel

CURV 500®  
Portable Array System  
Entertainer Set

The CURV 500® is an innovative system, uniquely combining portability, sound perfection and ease of use. The system comprises 3 components that can be connected with ease.

It is based around the SmartLink® adapter. Up to four Array Satellites can be effortlessly interconnected with the LD Systems-patented click mechanism delivering plug-and-play convenience. The adapter also provides the connection to the subwoofer, which serves as a control unit for the entire system, acting both as traditional bass box and mixing desk.

# GUESS WHY IT'S CALLED "SMARTLINK®"?

The innovative SmartLink® adapter forms the basis of the system. On top of that up to four Array Satellites can be effortlessly interconnected with the LD Systems-patented click mechanism: simply press the connection button, join the two modules by their guide rails and release the button to engage.

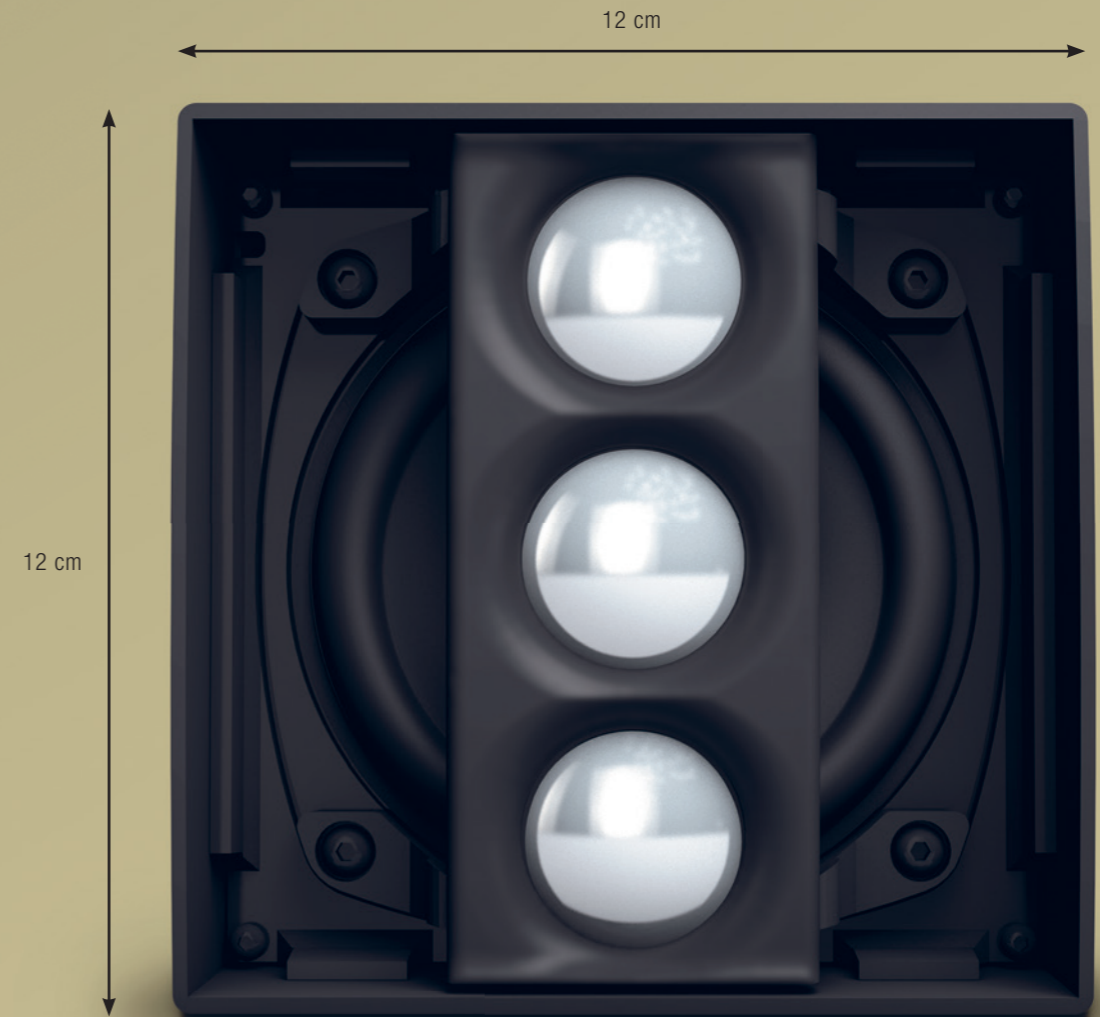

Easy-Click? Plug-and-Play? Whatever. Connected in 2 seconds is what counts. That's at least what our engineers thought. The mechanical connection also provides signal transmission: no other cables are needed.

SIZE: XS  
SOUND: XL!

The speaker columns are equipped with up to four modular array satellites arranged in a curve. The result is extremely clear, three-dimensional sound – similar to the sound generated by large line arrays.

Even a single 12 x 12 cm array satellite produces excellent sound results. This is guaranteed by LD Systems' in-house developed WaveAhead® technology, whereby three tweeters are arranged vertically in front of a high power fullrange driver, perfectly blending and dispersing the sound.

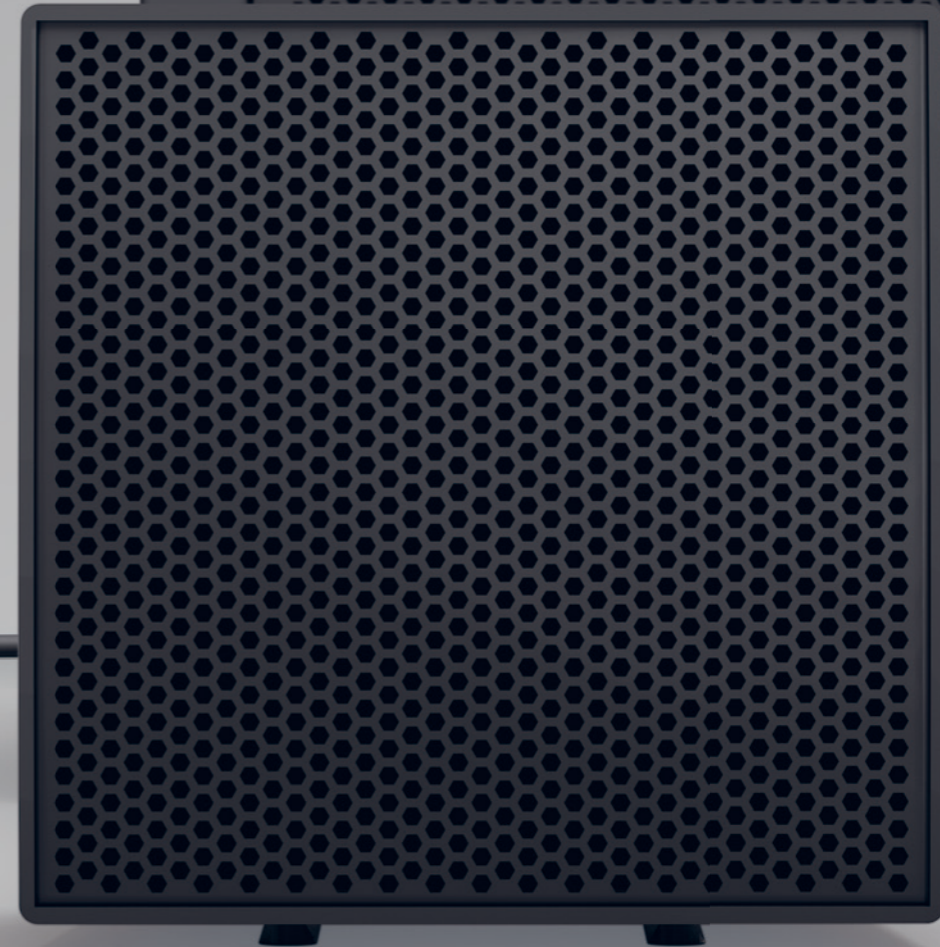

Actual Size

**SOUND** TO GO.

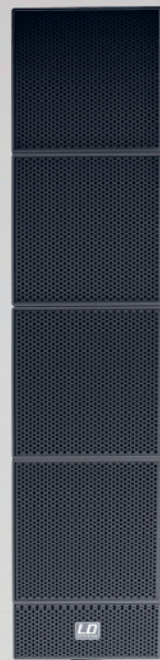

The CURV 500® is the first truly portable modular array system. Sophisticated technology, elegant design and a modularity that enables it to be transported conveniently and compactly.

Actual Size

A masterpiece of design technology and simplicity: the aluminium unibody construction of the CURV 500® array satellites sets new standards and is an essential component of the system's outstanding audio quality.

Singer-songwriters, jazz musicians, entertainers, speakers: everyone loves technology that fits into any trunk, is simply to assemble and produces the very best results. Like the new CURV 500®.

istockphoto.com/RapidEye

The integrated 4-channel mixing desk provides connectivity for microphones, instruments and laptops. Its built-in Bluetooth® technology permits wireless data transmission from smartphones or tablets and digital sound effects can also be generated via the 24-bit processor.

# DESIGNED TO MAKE YOUR LIFE EASIER.

## Subwoofer with integrated 4-Channel Mixer

### Inputs

- 1x Mic/Hi-Z (XLR/6,3mm Jack Combo)
- 1x Mic (XLR/6,3mm Jack Combo)
- 2x Line (XLR/6,3mm Jack Combo)
- 3,5 mm Jack

### Outputs

- 2 x Array Satellite Out (Speakon compatible)
- Line Out (XLR)
- System Out (5-pin XLR)
- Input Level (Ch1-4)
- Hi-Z
- Hi/Low EQ (Ch1-2)

### Features

- DFX (Ch1-2)
- DFX Presets
- DSP Presets
- Bluetooth® Link 
- Mono/Stereo
- Sub Level
- Main Level

## POWER TO THE PEOPLE.

The CURV 500® is an all-rounder – for music and for speaking. It provides a big live music sound, is a DJ's high-performance powerhouse and delivers clear spoken words and lectures. Thanks to its versatility, it is also ideal for use on exhibition stands, in clubs and smaller spaces. It represents an ideal, ultra-portable unit for stand-alone entertainers, bands and speakers and always delivers the right sound. One way or another: the audience listens. With pleasure.

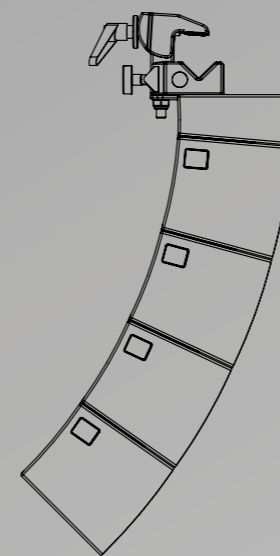

Extremely high-performance  
as a double pack:  
the CURV 500® Power Set.

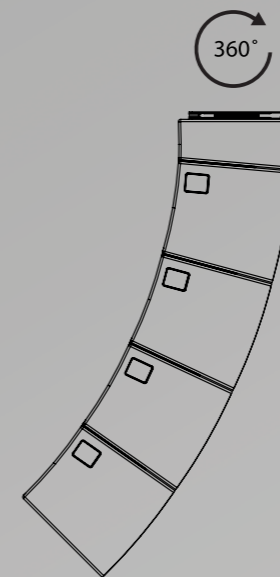

The CURV 500® feels at home wherever there's music playing: in bars, clubs, studios and even as a home entertainment system. It can be permanently installed with versatile wall and ceiling bracket systems wherever perfect sound quality is called for. This is where the benefits of the compact CURV 500® come into their own.

(CURV 500®AVS also available in white!)

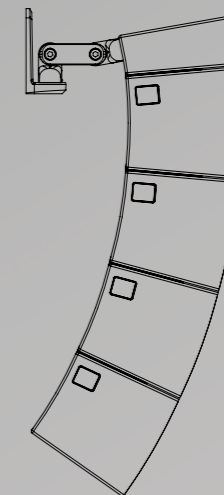

## GREAT SOUND CAN BE INSTALLED.

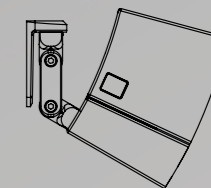

**CURV 500 TMB**  
Clamp for Truss

**CURV 500 CMB**  
Ceilingmount

**CURV 500 WMB /W**  
Wallmount downward

Wallmounted upward

The brackets can be fixed to the wall or ceiling. Wall-mounted, the line array can be assembled from the floor up or even suspended.

One system – several options. The CURV 500® can be installed on the wall or ceiling, depending on the configuration of the space. Up to 4 Array Satellites can be combined, in ascending or descending order, using the discreet fixing modules and the phoenix connectors on the rear side of the SmartLink® adapter. Whatever works best!

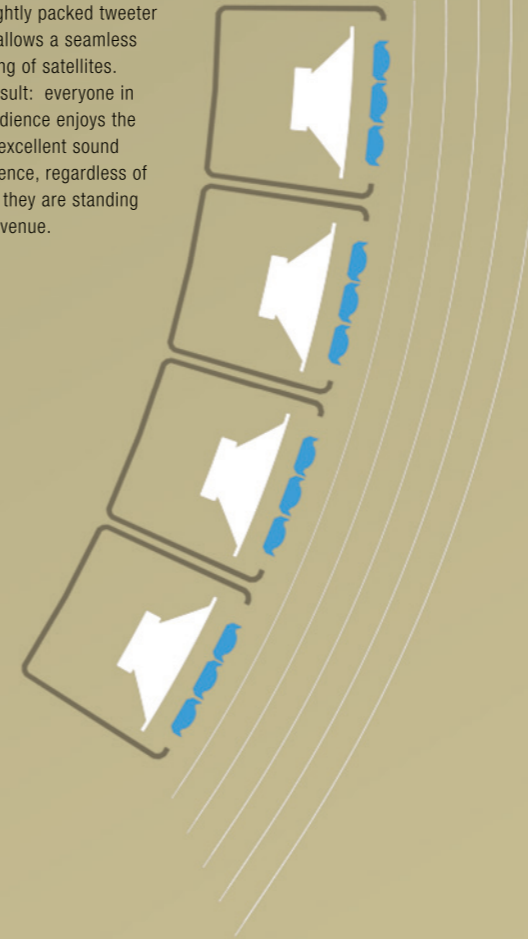

# SPECIFICATIONS

MODEL NAME	CURV 500°ES	CURV 500°AVS	CURV 500°PS
<b>TYPE:</b>	Portable Array System Entertainer Set Including Distance Bar & Speaker Cable	Portable Array System AV Set Including Speaker Cables	Portable Array System Power Set Including Distance Bars & Speaker Cables
<b>RATED SYSTEM POWER (RMS):</b>	460 W	380 W	920 W
<b>NUMBER OF ARRAY SATELLITES:</b>	4	2	8
<b>NUMBER OF SMARTLINK® ADAPTERS:</b>	1	2	2
<b>NUMBER OF SUBWOOFERS:</b>	1	1	2
<b>MAX. SPL (CONTINUOUS):</b>	122 dB	116 dB	128 dB
<b>MAX. SPL (PEAK):</b>	128 dB	122 dB	134 dB
<b>SUBWOOFER:</b>	10" bass reflex		
<b>SATELLITE:</b>	MF: 1 x 4" / HF: 3 x 1" with WaveAhead® Technology / 16 ohms		
<b>FREQUENCY RESPONSE:</b>	47 Hz - 20 kHz		
<b>DISPERSION (H X V):</b>	110° horizontal, 10° vertical per satellite		
<b>AMPLIFICATION:</b>	Class D		
<b>POWER OUTPUT (RMS/PEAK):</b>	Subwoofer: 300 W / 1200 W Satellite: 2 x 160 W / 2 x 640 W		Subwoofer: 300 W / 1200 W, Satellite: 2 x 160 W / 2 x 640 W  Subwoofer Extension: 300 W / 1200 W, 1 x 160 W / 1 x 640 W (Satellite)
<b>PROTECTION:</b>	DSP based multiband-limiter, Short Circuit, Overheating, Over-current		
<b>SUBWOOFER FEATURES:</b>	4 channel mixer, Bluetooth®, 16 DFX Presets, 4 System DSP Presets, threaded M20 Flange, 3 ergonomic handles		
<b>SUBWOOFER CONTROLS:</b>	Input Level (Ch1-4), Hi-Z, Hi/Low EQ (Ch1-2), DFX (Ch1-2), DFX Presets, DSP Presets, Bluetooth Link, Mono/Stereo, Sub Level, Main Level		
<b>SUBWOOFER INDICATORS:</b>	Signal, Limit, Bluetooth®, Power		
<b>SUBWOOFER CONNECTORS:</b>	1x Mic/Hi-Z (XLR/6,3mm Jack Combo), 1x Mic (XLR/6,3mm Jack Combo), 2x Line (XLR/6,3mm Jack Combo), 3,5mm Jack, 2 x Array Satellite Out (Speakon compatible), Line Out (XLR), System Out (5-pin XLR)		
<b>SUBWOOFER MATERIAL:</b>	Plywood		
<b>SUBWOOFER SURFACE:</b>	PA Painting		
<b>ARRAY SATELLITE FEATURES:</b>	WaveAhead® Technology, internal crossover, metal grille, thread for safety rope.		
<b>ARRAY SATELLITE MATERIAL:</b>	Diecast Aluminium		
<b>ARRAY SATELLITE SURFACE:</b>	Powder coating		
<b>SMARTLINK® ADAPTER FEATURES:</b>	dual 16 mm fange, 2x M6 thread for optional wall mount, 4x Thread for optional ceiling mount		
<b>SMARTLINK® ADAPTER CONNECTORS:</b>	1x Speakon compatible, 1x Phoenix		
<b>SMARTLINK® ADAPTER MATERIAL:</b>	Diecast Aluminium		
<b>SMARTLINK® ADAPTER SURFACE:</b>	Powder coating		
<b>SUBWOOFER DIMENSIONS (W X H X D):</b>	325 x 383 x 491 mm		
<b>ARRAY SATELLITE DIMENSIONS (W X H X D):</b>	122 x 122 x 122 mm		
<b>SMARTLINK® ADAPTER DIMENSIONS (W X H X D):</b>	122 x 57 x 122 mm		
<b>SUBWOOFER WEIGHT:</b>	16,5 kg		
<b>ARRAY SATELLITE WEIGHT:</b>	1,7 kg		
<b>SMARTLINK® ADAPTER WEIGHT:</b>	0,6 kg		

# BIG TECHNOLOGY: COMPACT DIMENSIONS

The tightly packed tweeter array allows a seamless coupling of satellites. The result: everyone in the audience enjoys the same excellent sound experience, regardless of where they are standing in the venue.

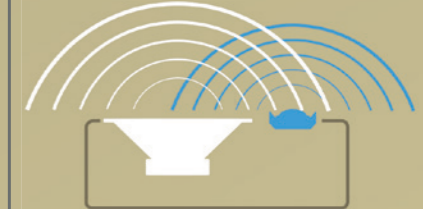

## Loudspeaker with WaveAhead® technology

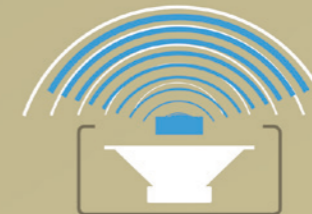

Symmetrical horizontal dispersion

## Conventional loudspeaker

Asymmetrical horizontal dispersion

Wide dispersion of mid and high frequencies

Wide dispersion of mid frequencies, narrow dispersion of high frequencies

The coaxial arrangement of the WaveAhead® technology solves the interference issues of conventional loudspeakers and allows for a wide and even sound dispersion. With this unique setup you get the best of both worlds, an extra large sound coverage and a very compact design.

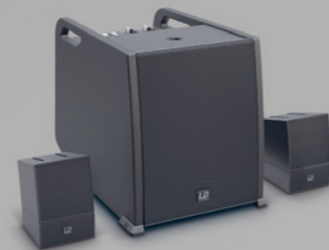

# SETS & EXTENSIONS

**CURV 500 ES**  
Portable Array System  
Entertainer Set

**CURV 500 PS**  
Portable Array System
